- **Education & Communication:** STEM/ Robotics Instruction, Curriculum Development, Public Speaking & Presentation, Stakeholder Management.
- **Business & Operations:** Customer Relationship Management (CRM), Project Coordination, Inventory Management, Sales Reporting.

PROFESSIONAL EXPERIENCE

Robotics Instructor | Probots Technologies, Lagos

October 2024 – July 2025

- Designed and delivered engaging, hands-on robotics and STEM curricula for students from primary to secondary school levels, simplifying complex concepts in programming and engineering.
- Instructed students in building and coding functional robots using Raspberry Pi Pico, sensors, and motor drivers for tasks like obstacle avoidance and radar simulation, fostering critical thinking and teamwork.

- Proactively adapted lesson plans to accommodate different learning paces, ensuring all students achieved core learning objectives and developed a passion for technology.

Customer Service Representative | Berger Paints Nigeria PLC, Lagos
February 2022

- Managed customer inquiries and transactions with a focus on satisfaction and efficient resolution, contributing to a positive brand experience.
- Maintained meticulous daily sales records and inventory spreadsheets, supporting accurate reporting and stock control for the branch.
- Collaborated with internal teams to ensure seamless operations and timely execution of business errands.

News Editor, Co-host & Graphics Designer | Family FM 88.5 (NYSC), Akure
January 2021 – October 2021

- Acted as a key member of the content team, editing and publishing news for the station's website, which improved online content consistency and reach.
- Boosted audience engagement by creating visually compelling graphics for advertisements and managing social media channels to promote station programs.
- Co-hosted live programs, contributing to dynamic discussions and maintaining high listener engagement through relatable and topical conversation.

Blogger / Social Media Manager | Rize FM, Lagos
May 2018 – August 2018

- Spearheaded content production for the station's digital platforms, writing and editing posts for the website and social media.
- Developed and implemented content strategies that increased audience interaction and online visibility for station events and advertising initiatives.
